I am forwarding some notes I made to Colonel White on the above subject. Please excuse the informality, in that I prepared them originally only as comments to him. 2. Colonel White has reviewed them briefly and agrees with me that probably the fundamental issue is that of precisely what we, i.e., the Agency, expect to do when we get there. Colonel White suggests that you may start on this problem by visiting the various Alle to get their interpretation or understanding of their precise functions under such circumstances. Colonel White will be out of town for a few days, but, upon his return, he vishes to have a meeting with you, 25X1A9a and myself to review the draft of the plan and the general over-all status. 3. We should conduct the meeting somewhat as follows: A 10- or 15-minute briefing by you and 25X1A9a of the general picture, recognizing that Colonel White cannot be cognizent of all the details involved. This 25X1A9a followed by a discussion, particularly between you and on such details as you cannot mutually settle, to which Colonel White can address his interests. He vishes also to be briefed on the status of the three inter-related plans concerning general evecuation, fire, and the present subject. After this meeting you and probably can bring his plan up to smuff. 25X1A9a **I** 4. I shall be happy to discuss any of these matters with you at your communicace. 2 Att - Memo dtd 2 & 12 Jan 53 to ADD/A fr SA/DDA, same subject 25X1A9a SA/DDA:RSW: jeb (22 Jan 53) ec: ADDA(IMS) DD/A chrono 25X1A6a DD/A subject 25X1A9a
